

Professional Profile

I am a results-oriented operations and project management professional with over 4 years of progressive experience supporting business operations, program delivery, procurement, logistics, and data-driven reporting. I have a proven ability to manage end-to-end operational processes, coordinate diverse stakeholders, maintain financial and procurement compliance, and support executive decision-making through structured reporting. My experience includes business development support, client onboarding, KPI monitoring, and service delivery coordination, alongside a strong background in NGO and donor-funded projects. I am recognized for driving operational efficiency, maintaining accuracy in financial records, engaging stakeholders effectively, and adapting quickly in fast-paced environments.

Core Skills

- Business & Operations Management
- Business Development Support
- Data Collection & Analysis
- Financial Record Keeping & VAT

Career Summary

Aug 2025 - Present

Emagination Power Consulting Ltd
- Business Development & Operations Officer Consultant

Key Responsibilities

- Business Development Operations – Managed end-to-end business development activities from prospecting and needs assessment to proposal development and deal closure.
- Lead & Pipeline Management – Built and tracked a structured sales pipeline covering leads, meetings, proposals, and conversions to support growth targets.
- Client Onboarding Coordination – Oversaw client onboarding processes to ensure smooth transition from acquisition to service delivery.
- Service Delivery Oversight – Coordinated internal teams to ensure timely, high-quality service delivery aligned with client expectations.
- Client Retention Management – Maintained strong client relationships through structured engagement and issue resolution, sustaining 90%+ retention.
- KPI Monitoring & Analysis – Tracked operational and commercial KPIs to identify trends, risks, and improvement opportunities.

- Executive Reporting – Prepared concise weekly reports on leads, contracts, performance, and feedback to support MD/CEO decision-making.
- Upselling & Account Growth – Identified upsell and cross-sell opportunities to support revenue growth and long-term client partnerships.

May 2019 - Dec 2024

**Touch Health
Operations Assistant**

Key Responsibilities

- Accommodation and Event Planning: Organized staff hotel and in-house accommodations while planning events to ensure smooth logistics and successful outcomes.
- Inventory and Office Supplies Management: Maintained office inventory and supplies to support uninterrupted operations and ensure resource availability.
- Financial Assistance: Collected outstanding invoices and receipts, prepared expense requests, and maintained accurate financial records for audits and compliance.
- Procurement Coordination: Sourced quotes for minor and large procurements and ensured timely transfer and delivery of procured items and services.
- Translation Services: Provided Swahili-English translations for documents, meetings, and training sessions, ensuring clear communication and accessibility.
- Data Entry and Reporting: Completed data entry tasks for the program team, contributing to accurate reporting and informed decision-making.
- File and Logistics Management: Managed the guest accommodation logbook, postal office box, and office files to maintain organization and efficiency. This included managing office vehicle & driver.
- VAT Submissions: Prepared and submitted VAT documents, ensuring compliance with tax regulations and timely processing.
- Operations, HR, and Administrative Support: Coordinated staff schedules, managed office administration, and oversaw accommodations, logistics, and procurement to ensure seamless operations.
- Field Operations Coordination – Coordinated field activities and emergency transport operations across health programs.
- Data Collection & Analysis – Collected, validated, and analyzed program data for reporting and decision-making.
- Training & Capacity Building – Trained dispatchers and frontline staff on systems and protocols.
- Technical System Support – Tested applications and provided technical support for trip tracking systems.
- Stakeholder Engagement – Coordinated with government and partner stakeholders on program delivery.
- M&E Support & Reporting – Supported monitoring, evaluation, and donor reporting activities.

Key Achievements

- Streamlined Office Operations: Successfully organized and maintained office utilities, inventory, and supplies, enhancing overall efficiency and resource availability.
- Enhanced Financial Accuracy: Ensured precise financial record-keeping and timely VAT submissions, reducing discrepancies and improving compliance with financial regulations.
- Improved Communication Accessibility: Provided effective Swahili-English translations for key documents and meetings, facilitating clear communication across diverse stakeholders.

In addition to operational responsibilities, I played a key role as a Field & Program Specialist, supporting donor-funded health initiatives, including:

- **M-Mama Project - Funded by Vodafone foundation**
- **WISN-POA – USAID**
- **Heart to Heart - Astra Zeneca**
- **HTM-Claudio Ferro**
- **GAINS - Sanofi**
- **FBO – Vitol**
- **WatotoCare - ELMA Foundation.**
